Bringing The Indoors Outdoors In Style

Style and Comfort

Presenting a definitive synergy between the outdoor and indoor environment, a design for all seasons, an environment where your day need never end...

Our Pods produced with British high quality craftsmanship, using the very finest materials and drawing on inspiration from the latest in contemporary design practices. The collection offers a variety of versatile options from fine dining and business meetings to family gatherings and secret garden sanctuary with luxurious lounging or a serene office space.

All of the Pods are weather proof and can be enjoyed all year round. Most of the Pods are equipped with a heating system, lighting and power supply.

Our Pods provide a unique and safe space for outdoor use throughout the year.

Whether it's urban cool, luxurious chic dining or relaxed outdoor lounging, we'll help you get the look that suits your needs.

Design and quality, which will provide you with many years of enjoyment and use.

Outdoor Space. Income Stream. All year round.

Our Pod buildings are recognised by leading commercial enterprises around the world for their high quality finish and unique design

Safe space, unique space, outdoor space

Create income from the outdoor area

Wood Protector

Wood is a natural material, kept healthy and durable by nature, treat it correctly as you would treat furniture or flooring and it can be enjoyed for decades to come! Frogsuit Wood Protector is an easy to use maintenance spray to protect any of the timber parts of our entire building range. The full range of Frogsuit products have been developed to make the upkeep of any wood as simple and easy as possible. Containing UV Alters, the water-repelling protection oil will penetrate beneath the surface of the wood and give a long-lasting finish.

Our services and craftsmanship

The unique Pods are perfect for

Restaurants & Public Houses

Hotels & Resorts

Rooftop Terraces

Private Gardens
